

Tiami Networks July & August 2025 Newsletter

T-Mobile Innovation Summit

We wrapped up a successful demo at the T-Mobile Innovation Summit, where PolyEdge showcased real-time drone detection powered by T-Mobile's 5G network. It was an honor to highlight how ISAC can transform mobile infrastructure into a sensing layer.

ISAC Strategy Summit

Our Co-Founder & COO joined industry leaders from AT&T, Ericsson, and Nokia on stage at the ISAC Strategy Summit 2025. Tiami presented the latest advancements in cooperative sensing, sparking conversations about how networks themselves can provide situational awareness.

DARPA SBIR Award

Tiami was awarded a DARPA SBIR for our diffusion-based Generative AI solution, focused on spectrum monitoring and awareness. This recognition reinforces our position at the cutting edge of AI-driven communications resilience.

ISAC White Paper

We published our latest ISAC white paper, breaking down how mobile and Wi-Fi networks can double as sensor grids without cameras or emissions. The paper explores both defense and commercial applications, making it a must-read for innovators tracking this space.

WHITE PAPER

INTEGRATED SENSING AND COMMUNICATIONS (ISAC):

UNLOCKING THE DUAL USE OF WIRELESS INFRASTRUCTURE FOR NATIONAL DEFENSE AND SITUATIONAL AWARENESS

CREATED BY: ENGINEERS AT TIAMI NETWORKS, A LEADER IN ISAC

Our Demo in Singapore with HTX

Tiami joined forces with Singapore's HTX at Dimension X, where we demonstrated PolyEdge for occupancy detection and drone awareness. It was a milestone in showing how ISAC can support smart city and homeland security missions.

Aloha – Demo'ing PolyEdge in Hawaii

From Honolulu, we demonstrated PolyEdge with the Hawaii Department of Law Enforcement and Honolulu Police Department. The live demos showcased both our Mode 1 ISAC and Mode 2 Geolocation configurations, reinforcing PolyEdge's value in dynamic environments.

Capital Factory

Our CEO pitched at Fed Supernova, hosted by Capital Factory in Austin. It was a chance to share how PolyEdge and PolyRAN are redefining situational awareness through passive sensing.

Our Feature with the AI-RAN Alliance

At MWC Barcelona, we partnered with the AI-RAN Alliance to showcase how networks evolve from standalone ISAC to cooperative ISAC. Recently, the Alliance published a feature on Tiami and our unique perspectives on sensing. Check it out!

Upcoming Events

Come join us at one of the many upcoming events we'll be at! If you're interested in learning more or setting up a time to connect just reply to this email and we'll take care of you.

Show	Dates	Location
IEEE MILCOM	Oct 6-10	Los Angeles, CA
GITEX Global	Oct 13-17	Dubai, UAE
AUSA Annual Meeting	Oct 15	Washington, DC
MWC Doha	Nov 25-26	Doha, Qatar

Tiami Networks | 9355 East Stockton Boulevard Suite 120 | Elk Grove, CA 95624 US
