SEMPRE Demo Showcases UAS Detection at Barksdale

Tiami partnered with SEMPRE to run a live counter-UAS demo for Barksdale Air Force Base, leveraging 5G emissions from the SEMPRE T to detect drones without additional infrastructure. The results turned heads - and opened doors.

Tiami Granted FCC Experimental License

We've secured a critical FCC Experimental License to push the boundaries of Integrated Sensing and Communications (ISAC). This allows us to conduct new trials and advance capabilities in radar-like sensing using ambient mobile signals.

We've just received approval for our **FCC EXPERIMENTAL LICENSE**

to advance 5G Integrated Sensing and Communications technologies in the 7 GHz band

Tiami Joins Ericsson's EIAP Ecosystem

We're proud to be part of the Ericsson Intelligent Automation Platform (EIAP) ecosystem. This partnership opens the door to deploying our ISAC-powered rApps for next-gen, intelligent wireless networks.
